NMC	Summary of NMC and Horizon Commentary	Proposed Changes
		<p>DCO, Horizon considers that paragraph 7.1.44 should be amended to clarify that the Councils' will take into account the degree to which proposals for the proposed park and ride facilities and logistics centres have been informed by and achieve the outcomes set Policies PS9B and PS9C in the preparation of a Local Impact Report (LIR) or form the policy basis in assessing planning applications where the Councils' are the decision makers.</p> <p>Without this change, Horizon considers that the JLDP is unsound on the basis that as worded, the paragraph assumes that Policies PS9B and PS9C has a status above that accorded by the Planning Act 2008 and the relevant NPSs.
