Please set out your comments in Part 2 of this form. Use additional sheets of paper where necessary. **Separate forms should be completed for each comment** that you wish to make.

Question 2dd and 2e seeks your views on the soundness of the Joint Deposit Plan. The tests of soundness and additional information on how they are applied are detailed on the last page of this form.

If you want changes made to the Deposit Plan, please be as specific as you can. For example, if you want new text added, please set out the new text and explain where you would like it to go in the Deposit Plan and why. Similarly, if you want to add a new or amend a policy or a paragraph, please set out clearly the new text and explain where you think it should go in the Deposit Plan and why.

If you wish to delete a site that is allocated in the Deposit Plan or suggest amendments to it or you wish to propose a new site, please attach a 1:1250 or 1:2500 scale plan that clearly identifies the site boundaries. If you are proposing a new site (one that is not included within the Deposit Plan) the comment form must be accompanied by a detailed site assessment in accordance with the Council's Candidate Site assessment methodology and the Sustainability Appraisal framework. The Candidate Site assessment methodology and the Sustainability Appraisal framework can be found on the Council's website at: www.gwynedd.gov.uk/ldp or www.anglesey.gov.uk/ldp

Further information about this matter can be obtained from the Joint Planning Policy Unit on **01286 685003** or on the Council's web site at: www.gwynedd.gov.uk/ldp or www.anglesey.gov.uk/ldp in the leaflet 'Guidance about alternative sites'.

Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant Sustainability Appraisal information. This information must be consistent with the scope and level of detail of the Sustainability Appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

You should include all your comments on the Deposit Plan and set out your full case on the official form, using accompanying documents where necessary. If you seek more than one change and consider that the Deposit Plan fails to meet more than one test of soundness **separate forms should be completed for each representation**. Similarly, if your representation is in support of the Deposit Plan or individual elements of the Deposit Plan it would be helpful if separate representations were made. Please indicate if you are submitting other material to support your comments.

You will only be able to submit further information to the Examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you have made in response to previous consultations. If you do not consider the Deposit Plan to be sound and that it should be changed, please explain clearly why you think the changes are needed. If you think a change is needed for the Deposit Plan to meet one or more of the tests of soundness, please tell us which one(s).

Where a group shares a common view on how it wishes the Deposit Plan to be changed, the Councils will accept a signed petition. In submitting a representation form on behalf of a group, the representation form should include the contact details of a lead individual at Section 1 and the comments should be clearly set out on the representation form. The signed petition should state clearly how many people are being represented and how the representation has been authorised. Signing a petition does not prevent the submission of individual forms.

PART 2: Your Comments and Suggested Changes. (Please use one Part 2 section for each comment that you wish to make)

2a. Which part of the Deposit Plan are you commenting on?	
Policy number (please specify)	
Paragraph number (please specify)	
Proposals/ Inset Map (please specify ref no.)	Inset 9 Beaumaris
Constraints Map	
Appendices (please specify)	

2b. Are you objecting or supporting the Deposit Plan?			
Objecting	<input checked="" type="checkbox"/>	Supporting	<input type="checkbox"/>

2c. Please provide details of your representation on the Deposit Plan.

1. The Town Centre of Beaumaris marked on this map does not properly represent the actual town centre area of the town and in particular omits part of the retail core of Beaumaris.
2. The Protected Open Space and Play Area marked at Happy Valley omits part of the relevant area. The Bowling Green, which is available for use by the public, has been omitted from the area marked.

It is important that these areas are correctly identified in the Deposit Plan.

1. A vibrant Town Centre is important for the economic well being of Beaumaris. Correct identification of the core town centre and in particular the retail elements of the core area is important so that it can be protected against loss, in particular of retail premises. Beaumaris has been identified in the plan as a local service centre/local retail centre. Any loss of retail premises or other services in the town centre will undermine the town's position in the plan.
2. Beaumaris is an important tourism destination on Anglesey. Open areas and play areas are an important service for the tourist economy. Facilities for both informal recreation (swings, out door play) and more formal recreation (bowling, putting ec) are an important part of the tourism offer. The bowling green therefore needs to be identified as a open space/play area so that its ability to service tourism in the town can be secured. The Bowling Green is a public facility. Though it is used for matches by the local Bowling Club it is also used daily by visitors who can hire equipment on site.

*Please use additional sheet if necessary.
Please state how many additional sheets have been used.....*

2ch. If your response to 2c above exceeds 100 words, please provide a summary (no more than 100 words).

The Town Centre of Beaumaris marked on this map does not properly represent the actual town centre area of the town. The Protected Open Space and Play Area marked at Happy Valley omits part of the relevant area.

It is important that these areas are correctly identified in the Deposit Plan so that Beaumaris's position as a local service centre and important tourism destination can be secured by the plan.

2d. Please detail the changes you wish to see made to the Deposit Plan.

Amend the marked areas on the map as shown in Green and Mauve on the map below.

2dd. Is the Deposit Plan sound?

Yes

No

2e. If you think that the Deposit Plan is unsound which test of soundness do you think that it fails? (Please tick below). More details are provided at the back of this form.

We believe that in respect of this comment the plan is sound, it is just that the map is inaccurate.

Part 3: What Happens Next?

At this stage of the Joint LDP process, you can only make comments in writing (these are called 'written representations'). However, the Inspector may call on those who want to change the Plan to appear and speak to the Inspector at a 'hearing session' during the Public Examination. You should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session.

3a. Do you want your comments to be considered by 'written representations' or do you want to speak at a hearing session of the Public Examination? (Please tick one of the following)

I do not want to speak at a hearing session and am happy for my written comments to be considered by the Inspector.

I want to speak at a hearing session.

3b. If you wish to speak, please confirm which part of your representation you wish to speak to the Inspector about and why you consider it to be necessary to speak at the Hearing.

The Town Council will wish to present both requested changes to the Inspector. The Town Council wants to ensure that the Inspector understands the importance of correctly identifying these areas and to be able to respond to any queries.

3c. Would you like to be informed about the following (Please tick the relevant boxes)

Submission of documents and evidence to the examination

Publish Inspector's report

Plan's adoption

Test of Soundness

Test	Procedural Tests
P1	It has not been prepared in accordance with the Delivery Agreement including the Community Involvement Scheme.
P2	The plan and its policies have not been subjected to Sustainability Appraisal including Strategic Environmental Assessment.
	Consistency Tests
C1	It is a land use plan which does not have regard to other relevant plans, policies and strategies relating to the area or to adjoining areas.
C2	It does not have regard to national policy.
C3	It does not have regard to the Wales Spatial Plan.
C4	It does not have regard to the relevant community strategy.
	Coherence and Effectiveness Tests
CE1	The plan does not set out a coherent strategy from which its policies and allocations logically flow and/or, where cross boundary issues are relevant, it is not compatible with the development plans prepared by neighbouring authorities.
CE2	The strategy, policies and allocations are not realistic and appropriate having considered the relevant alternatives and/or are not founded on a robust and credible evidence base.
CE3	There are no clear mechanisms for implementation and monitoring.
CE4	It is not reasonably flexible to enable it to deal with changing circumstances.

The Planning and Compulsory Purchase Act 2004 states that the purpose of the examination of a Local Development Plan (the Plan) is to consider whether it is “sound”. This means that anyone who wants to comment on or object to the Deposit Plan should seek to say how it is unsound and what is needed to make it sound. Sound may be considered in this context within its ordinary meaning of “*showing good judgement*” and “*able to be trusted*”. To assess the Deposit Plan we use 10 tests as set out above. The Deposit Plan will be examined by an independent Inspector appointed by the Welsh Government and it will be the Inspector’s job to consider whether the Plan is sound.

Where you propose a change to the Deposit Plan you should therefore make clear which test(s) of soundness you believe the Deposit Plan fails. The tests are in 3 groups - ‘Procedural’ (2 tests); ‘Conformity’ (4 tests); and ‘Coherence and Effectiveness’ (4 tests). If you wish to comment on the way in which the Councils have prepared the Deposit Plan, it is likely that your comments or objections would fall under one of the procedural tests. If you wish to comment on or object to the content of the Deposit Plan, it may help to look at the ‘consistency’ and the ‘coherence and effectiveness’ tests.
