

Gwynedd and Anglesey Community Safety Partnership Annual Plan 2024-25

Background

The Community Safety Partnership is a group of organisations that collaborate to consider how best to address crime and disorder. The requirement to have such a partnership in place on a local level is part of the law, under the Crime and Disorder Act 1998. Several organisations have a part to play within the partnership, including the local authority, the police, the probation service, the fire and rescue service and the health board.

We have responsibilities under the 1998 Act for a number of areas, including – reducing crime and disorder, reducing re-offending, substance misuse and anti-social behaviour. In addition, we have a duty to commission Domestic Homicide reviews under certain circumstances.

Our plan will deliver against the priorities within the Safer North Wales Partnership Board Strategy, namely:

1. Prevent crime and anti-social behaviour
2. Tackle violent crime
3. Tackle serious organised crime
4. Safeguard and build resilient communities and maintain public safety
